

# PORTABLE Calibration Gases

## PORTABLE

Pangaea Gases go where you need them in the RIGHT SIZE cylinder

## STABLE

Advanced cylinder conditioning and passivation ensures long term stability

## HIGHLY ACCURATE

Pangaea Gases meet or exceed Instrument Manufacturer Specifications

## VERY ECONOMICAL

Pangaea Gases are made by experienced scientific craftsmen who create VALUE

## FAST DELIVERY

Pangaea gases are there when you need them ...FAST!

## ENVIRONMENTALLY RESPONSIBLE

Empty cylinder recycling assistance program

## *Pangaea Gases, LLC*

### **HIGH CONFIDENCE CALIBRATION GASES**

*Ensure  
ACCURATE  
Air Monitor calibration  
for critical applications*

Pangaea Gases, LLC  
P.O. Box 404  
Burton, OH 44021

pangaeagas1@gmail.com

Quality, Fast Delivery, Excellent Economics with Technical, Safety and Regulatory Expertise

## Calibration Gas Regulators

### PORTABLE

Pangaea Gas REGULATORS with you on the calibration bench or in the field

### DURABLE

ROBUST advanced design has PROVEN track record of reliability/long service life

### INNOVATIVE DESIGNS

Conceived by experienced personnel that actually use Air Monitoring Instruments, Cal Gases and Regulators

### TECHNOLOGY-DRIVEN

### ECONOMICS

UNIQUE designs have great advantages over previous technologies and are EXTREMELY AFFORDABLE

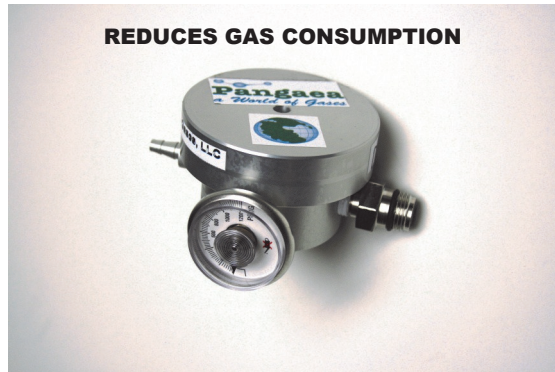

### RIGHT MODEL FOR YOUR APPLICATION

- Fixed Flow
- Click Style Multi-Flows
- Demand Flow
